

# Engaging our families with Israeli Youth

## **SHINSHIN Program 2017-18**

TIGN will continue our partnership with the Sid Jacobson JCC and other area institutions in bringing the “*Shinshinim*,” or literally, young Israelis engaged in a “year of service.”

The “*Shinshin*,” (young person) is specially trained through the Jewish Agency and spends a pre-army year in the US. At TIGN our “*Shinshin*” will engage our Religious School & Youth House Program with hands-on engaging Israel experiences. We will be able to nurture personal connections to Israel through our Shinshin.

***How can you help?  
Become a host family!***

Are you able and willing to open your home (and your heart) to a Shinshin, who will become part of your family? We are actively seeking families who are willing and able to embrace a “Shinshin” for approximately 4 months. *(Please note: Shinshinim will have their own cars and cell phones, provided by the Jewish Agency.)*

Are you interested in finding out more? If you are interested in hosting a Shinshin please contact Rabbi Amy Roth ([rabbiroth@tign.org](mailto:rabbiroth@tign.org)).
